AIRWAY SMOOTH MUSCLE AS A TARGET IN ASTHMA: NEW INSIGHTS INTO BRONCHORELAXATION AND HYPERREACTIVITY

AKADEMISK AVHANDLING

som för avläggande av medicine doktorsexamen vid Karolinska
Institutet offentligen försvaras i Hillarpsalen, Retzius väg 8

Fredagen den 29 Maj, 2015, kl 09.00

av

Martijn Manson

M.Sc.

Principal Supervisor:

Associate Professor Mikael Adner
Karolinska Institutet
Institute of Environmental Medicine
Experimental Asthma and Allergy Research

Co-supervisor(s):

Professor Sven-Erik Dahlén
Karolinska Institutet
Institute of Environmental Medicine
Experimental Asthma and Allergy Research

Anna James, Ph.D
Karolinska Institutet
Institute of Environmental Medicine
Experimental Asthma and Allergy Research

Opponent:

Professor Johan Zaagsma
University of Groningen
Department of Molecular Pharmacology

Examination Board:

Associate Professor Gunnar Schulte
Karolinska Institutet
Department of Physiology and Pharmacology
Receptor Biology and Signaling

Professor Edward Högestätt
Lund University
Institute of Laboratory Medicine
Clinical Chemistry and Pharmacology

Professor Jon Lundberg
Karolinska Institutet
Department of Physiology and Pharmacology
Pharmacological Nitric Oxide Research

Stockholm 2015
