

**Karolinska  
Institutet**

**Department of Microbiology, Tumor and Cell Biology**

## Dissection of virus-host cell interactions in the early response to infection

**AKADEMISK AVHANDLING**

som för avläggande av medicine doktorsexamen vid Karolinska Institutet offentligen försvaras i föreläsningssal Petré, Nobels väg 12B, Karolinska Institutet, Solna

**Fredagen den 26 september 2014, kl. 09.00**

av

**Marc D. Panas**

*Huvudhandledare:*

Docent Gerald McInerney  
Karolinska Institutet  
Department of Microbiology Tumor and Cell Biology

*Bihandledare:*

Professor Gunilla Karlsson Hedestam  
Karolinska Institutet  
Department of Microbiology Tumor and Cell Biology

*Fakultetsopponent:*

Professor Ian Goodfellow  
University of Cambridge, UK  
Department of Pathology  
Division of Virology

*Betygsnämnd:*

Professor Nico Dantuma  
Karolinska Institutet  
Department of Cell and Molecular Biology

Professor Per O. Ljungdahl  
Stockholm University  
The Wenner-Gren Institute  
Division of Cell Biology

Doktor Mathilda Sjöberg  
Karolinska Institutet  
Department of Bioscience and Nutrition

**Stockholm 2014**
